AMAZING houses... cosy homes for 2020-2021

APPENDIX 1: ALL INCLUSIVE PACKAGE 2020-2021

NO BILLS TO PAY!*

The Rent includes the cost of Water Rates and TV Licence together with an allowance to budget for the cost of Electricity and Gas Supplies and Broadband Internet, Subscription TV and Phone Services used by the Tenant during the Term of the Tenancy, as more particularly set out below:

Water Rates: the cost of water supply and sewerage services is included in the Rent.

TV Licence: the cost of a TV Licence is included in the Rent.

Electricity and Gas Supplies: the Rent includes an allowance of £6.50 per Tenant per week (£338.00 per Tenant based on a 52-week Tenancy or pro-rata thereof) to budget for the cost of the electricity and gas used by the Tenant during the Term of the Tenancy.

The electricity and gas accounts are in the name of the Landlord and the Landlord pays the bills on behalf of the Tenant. The Landlord regularly researches the whole market for the most competitive tariff and switches to the best supplier. The Landlord can receive a discount for managing the accounts online (paperless billing); further discounts can be earned by the Landlord for selecting a dual-fuel account and choosing a monthly direct debit payment plan.

The allowance for electricity and gas has been set based on an estimated forecast of the unit cost of electricity and gas multiplied by a rolling annual average of actual historical kWh usage data in a typical multi-occupancy student house over recent years.

For more details about the combined cost of electricity and gas over recent years go to <http://www.andrewchell.com/faq.php#g8> and look at FAQ: What is a budgeted allowance scheme / Electricity and Gas Supplies.

It should be noted that the actual amount of bills will depend on the prevailing unit cost of electricity and gas and the actual kWh used by the Tenant during the Term of the Tenancy i.e. how long the central heating is programmed to come on etc..

Any unused portion of the allowance for electricity and gas will be refunded. Meter readings will be taken at the start of the Tenancy, quarterly and then final readings will be taken at the end of the Tenancy. To keep track of the budget, the Landlord will provide the Tenant with a copy of the quarterly bills showing the cost of electricity and gas used at the Property. At the end of the Tenancy, it is agreed that if the total cost of the gas and electricity used during the Term of the Tenancy is less than £6.50 per Tenant per week then the amount under is reimbursed to the Tenant (by the Landlord). It is also agreed that if the total cost of the gas and electricity used during the Term of the Tenancy is more than £6.50 per Tenant per week then the extra over amount is to be paid to the Landlord (by the Tenant).

This budgeted allowance scheme is very effective because the Tenant is in full control of electricity and gas usage. It also means that the Tenant only pays for the kWh used and encourages responsibility towards the environment by reducing CO₂ emissions.

Broadband Internet, Subscription TV and Phone Services ('the Media Services'); the collective Rent for all of the Tenants at the Property includes an allowance of £9.00 per week for the Property (£468.00 for the Property based on a 52-week Tenancy or pro-rata thereof) to budget for the cost of the Media Services used by the Tenant during the Term of the Tenancy. However, the Tenant must choose what Media Services are required, contact the service provider directly and open an account in the name of one of the Tenants. The Landlord will make a one-off payment or set up a standing order to credit the full amount of the Media Services allowance to the bank account of the Tenant who pays for the Media Services.

Virgin Media offers the fastest broadband internet download speed in Loughborough. For more details about the combined cost of Media Services go to <http://www.andrewchell.com/faq.php#g8> and look at FAQ: What is a budgeted allowance scheme / Broadband Internet, Subscription TV and Phone Services.

Go to <https://www.virginmedia.com/shop/broadband/students> to look at student contracts.

Or if you prefer to talk to an actual person, the Landlord has a good local contact at Virgin Media; Jason Brookes is based in Loughborough and can advise what contracts are available. Contact Jason Brookes on his mobile 07966 485198 or email jason.brookes@virginmedia.co.uk. FREE standard installation if you book with Jason Brookes saving £49.95.

Council Tax: the Rent does not include an allowance for the payment of Council Tax; however, full-time students, as defined by the Council Tax Regulations, are exempt from paying Council Tax.

Insurance for buildings and contents (owned by the Landlord): is the responsibility of the Landlord and there is no charge passed on to the Tenant.

Insurance for personal possessions owned by the Tenant: the Tenant is responsible for insuring their own personal possessions.

- Endsleigh Insurance is a specialist provider of student contents insurance: <https://www.endsleigh.co.uk>.
